

REDACTED – FOR PUBLIC INSPECTION

VIA ECFS

June 19, 2015

Ms. Marlene H. Dortch, Secretary
Federal Communications Commission
Office of the Secretary
445 12th Street, S.W.
Washington, D.C. 20554

RE: **REQUEST FOR CONFIDENTIAL TREATMENT**
WC Docket No. 14-58 - ETC Annual Reports and Certifications

Request that Information Submitted to the Commission be Withheld from Public Inspection Pursuant to 47 C.F.R. §0.459 and 5 U.S.C. §552(b)(4): Five-Year Service Quality Improvement Plan Progress Report included in FCC Form 481

Confidential Financial Information – Subject to Protective Order in WC Docket Nos. 10-90, 07-135, 05-337, 03-109, 14-58, CC Docket Nos. 01-92, 96-45, GN Docket No. 09-51, WT Docket No. 10-208, Before the Federal Communications Commission

Dear Ms. Dortch:

In accordance with the annual reporting requirements of 47 C.F.R. §§54.313 and 54.422, Cap Rock Telephone Cooperative, Inc. (the Cooperative), Study Area Code 442046 is submitting a completed FCC Form 481 to the Commission via its Electronic Comment Filing System (ECFS) in WC Docket No. 14-58. The Cooperative, by its authorized representative, hereby requests confidential treatment of two attachments to its FCC Form 481: (1) the five-year service quality improvement plan progress report and (2) the financial annual report, both of which were redacted in the ECFS submission. The request for confidential treatment of the five-year plan progress report is being made pursuant to Section 0.459 of the Commission's rules and Exemption 4 of the Freedom of Information Act (FOIA). The request for confidential treatment of the financial annual

Ms. Marlene Dortch
Page 2

report is being made pursuant to the FCC's June 17, 2015 *Protective Order* in WC Docket No. 10-90 *et al.* These attachments contain competitively sensitive data that Cap Rock Telephone Cooperative maintains as confidential and does not normally make available to the public. Release of this information would have a substantial negative impact on the Cooperative.

Five-Year Service Quality Improvement Plan Progress Report

Pursuant to Section 0.459 of the Commission's rules and Exemption 4 of FOIA, [COOPERATIVE NAME] requests that the text and data extracted from its five-year service quality improvement plan progress report be withheld from public inspection because it contains competitively sensitive commercial and financial information that the Cooperative keeps confidential. Public availability of this information would have a substantial negative impact on the Cooperative.

In accordance with Section 0.459 of the Commission's rules, the following information is provided in support of this request:

(1) Identification of the specific information for which confidential treatment is sought:

Attachment to Line 112 of FCC Form 481 – Five-Year Service Quality Improvement Plan Progress Report. Specifically, confidential treatment is sought for all information in the five-year plan progress report related to the Cooperative's access line counts, existing broadband capabilities, and current and planned financial investments in its network that will improve service quality, service coverage, and/or service capacity for its customers.

(2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:

The information was submitted in WC Docket No. 14-58 as an attachment to FCC Form 481- the Carrier Annual Reporting Data Collection Form. Section 100 of FCC Form 481 requires incumbent local exchange carriers receiving high cost support to attach a progress report on its five-year service quality improvement plan, pursuant to 47 C.F.R. §54.313(a)(1).

(3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged:

The five-year service quality improvement plan progress report contains granular information on the Cooperative's access line counts and/or existing broadband capabilities as well as recent and planned capital investments in its network to improve service quality, service coverage, and/or service capacity. It also contains a

Ms. Marlene Dortch
Page 3

map of the Cooperative's service area detailing progress toward meeting broadband deployment targets at the wire center level. This is closely guarded, privileged information that the Cooperative does not make publicly available.

- (4) Explanation of the degree to which the information concerns a service that is subject to competition:

Broadband is subject to increasing competition in the areas served by rural, rate-of-return incumbent local exchange carriers (RLECs). Virtually all RLECs face competition from one or more wireless Internet service providers. Most RLECs also face competition from at least one other wireline broadband provider, such as a larger cable company, who will typically seek to "cherry pick" the lower cost portions of the study area. In addition, all RLECs face competition throughout their territories from satellite broadband providers.

- (5) Explanation of how disclosure of the information could result in substantial competitive harm:

Disclosure of the information contained in the five-year plan progress report would provide competitors with detailed, granular information regarding the Cooperative's access line count, its existing broadband capabilities, and its recent and planned network investments that improve service quality, coverage, and/or capacity for subscribers. This would give competitors invaluable confidential information with which to develop their own strategies for investing in the service area, thereby bringing substantial competitive harm to the Cooperative.

- (6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure:

The Cooperative has continually treated the extracted information in its five-year plan progress report as confidential and carefully controls the information to protect it from competitors. Access to the information is limited to employees that require it and to non-employees with confidentiality obligations such as lenders, consultants, auditors, and attorneys. In addition, when such information is required to be submitted to a state regulatory authority it has been filed as confidential information, not available to the public.

- (7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties:

The redacted information in the five-year plan progress report is not available to the public, and third-party access is limited as described in (6) above.

MOSS ADAMS_{LLP}

Ms. Marlene Dortch

Page 4

- (8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure:

The Cooperative requests that the extracted information be withheld from public inspection indefinitely. The information in the five-year plan progress report details the Cooperative's most recent network upgrades in relation to its previously submitted service quality improvement plan. It may also contain upcoming planned network improvements during the five-year period ending 2019. This information would provide a very useful baseline for competitors for several years beyond that period.

- (9) Any other information that the party seeking confidential information treatment believes may be useful in assessing whether its request for confidentiality should be granted:

Exemption 4 of FOIA shields from public disclosure commercial or financial information obtained from a person that is privileged or confidential. Based on the responses provided above, the information in question satisfies this test.

Financial Annual Report

Section 3005 of FCC Form 481 requires a privately-held rate-of-return carrier receiving high cost support to attach a full and complete annual report of the company's financial condition and operations pursuant to 47 C.F.R. §54.313(f)(2). Cap Rock Telephone Cooperative seeks confidential treatment of its financial annual report pursuant to the June 17, 2015 *Protective Order* in WC Docket No. 10-90, *et al.*¹ The *Protective Order* specifically covers information filed pursuant to 47 C.F.R. §54.313(f)(2).

Cap Rock Telephone Cooperative is providing to the Office of the Secretary, under seal, this cover letter and the Form 481 filing which includes the confidential information that is being requested to be withheld from public inspection.

Each page of the five-year service quality improvement plan progress report confidential submission bears the legend, "CONFIDENTIAL – NOT FOR PUBLIC DISCLOSURE."

Each page of the financial annual report confidential submission bears the legend, "CONFIDENTIAL FINANCIAL INFORMATION – SUBJECT TO PROTECTIVE ORDER IN WC DOCKET NOS. 10-90, 07-135, 05-337, 03-109, 14-58, CC DOCKET NOS. 01-92, 96-45, GN DOCKET NO. 09-51, WT DOCKET NO. 10-208, BEFORE THE FEDERAL COMMUNICATIONS COMMISSION."

¹ *Connect America Fund et al.*, WC Docket No. 10-90 *et al.*, Protective Order, DA 15-712 (rel. June 17, 2015).

MOSS-ADAMS LLP

Ms. Marlene Dortch
Page 5

Two copies of the Form 481 filing in redacted form and an accompanying cover letter are also being provided with the confidential filing. Each page of the redacted filing and accompanying cover letter is marked "REDACTED – FOR PUBLIC INSPECTION."

Two copies of this cover letter and the Form 481 filing with the confidential information are also being delivered to Mr. Charles Tyler, Telecommunications Access Policy Division, Wireline Competition Bureau.

The confidential information has also been submitted to the Universal Service Administrative Company through its E-File system as attachments to the FCC Form 481.

This cover letter includes no confidential information and the text is the same in both the non-redacted and redacted versions except for the confidentiality markings.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Lynette Hampton". The signature is written in a cursive, flowing style.

Lynette Hampton
Authorized Representative for
Cap Rock Telephone Cooperative, Inc.

**LINE 112 – FIVE-YEAR SERVICE QUALITY IMPROVEMENT PLAN
PROGRESS REPORT**

Of the \$1,238,311 in USF support projected to be received in the first half of 2015, the Company projects that \$1,238,311 will be spent on capital expenses and \$0 will be spent on operating expenses.

Service Quality Improvement Plan Progress Report

Exchange	5 Year Plan 2015 Proposed Improvements	5 Year Plan Forecast 2015	Progress Jan-Jun 2015
----------	--	---------------------------------	-----------------------------

2015 Progress Report Description

LINE 310 – EXPLANATION OF UNFULFILLED VOICE SERVICE REQUESTS

Cap Rock Telephone Cooperative, Inc. had a total of 3 unfulfilled requests for voice service at the end of 2014.

The Cooperative offered to extend service to one of the potential customers, provided the customer covered the 1.25 mile construction cost. The potential customer did not respond to the offer.

The other 2 requests for service were for locations too far from the Cooperative's facilities. The cost to provide service to the remote area is prohibitive.

LINE 330 – EXPLANATION OF UNFULFILLED BROADBAND REQUESTS

Cap Rock Telephone Cooperative, Inc. had a total of 11 unfulfilled requests for broadband service at the end of 2014.

In an effort to fulfill one request, the Cooperative installed fixed wireless, enabling the subscriber to obtain service at a speed of 1.5 Mbps.

Ten of the requests are not reasonable due to their distance from the Cooperative's network facilities. Due to the sparse population of this area and the lack of potential subscribers, the incremental cost of undertaking the necessary upgrades to these lines would exceed the revenues that could be expected from the lines. Thus, the requests for broadband service from these customers were deemed not reasonable.

LINE 510 - SERVICE QUALITY STANDARDS AND CONSUMER PROTECTION RULES COMPLIANCE

Cap Rock Telephone Cooperative, Inc. complies with applicable service quality standards and consumer protection rules for its voice and broadband services.

The rates, terms, and conditions under which the Cooperative operates are outlined in its general exchange tariff, which is approved by the Public Utility Commission of Texas ("Texas PUC"). The tariff contains provisions regarding the Cooperative's customer service and protection practices.

Service quality standards for voice service are established by the state commission. The Cooperative consistently meets or exceeds those standards and provides reports to the state commission, in accordance with the state commission's rules.

With regard to broadband service, the Cooperative provisions its network and equipment to ensure that its customers can enjoy the speeds to which they subscribe. However, Internet speeds generally result from a "best effort" service and are dependent upon a number of variables, many of which are outside the control of the Cooperative.

The Cooperative complies with any and all consumer protection obligations under state law.

The Cooperative also complies with the following consumer best practices: (1) the Cooperative discloses its rates and terms of service to customers; (2) the Cooperative provides specific disclosures in its advertising; (3) the Cooperative separately identifies carrier charges from taxes on its billing statements; (4) the Cooperative provides ready access to customer service; (5) the Cooperative promptly responds to consumer inquiries and complaints received from government agencies; and (6) the Cooperative abides by policies for protection of consumer privacy.

Finally, the Cooperative has a policy and established operating procedures that comply with the FCC's Customer Proprietary Network Information (CPNI) rules (47 C.F.R. §§64.2001-64.2011). Certification of the Cooperative's compliance with CPNI rules and a description of the Cooperative's operating procedures that ensure compliance are filed annually with the FCC.

LINE 610 - ABILITY TO FUNCTION IN EMERGENCY SITUATIONS

Cap Rock Telephone Cooperative, Inc. is able to function in emergency situations for both voice and broadband service. The Cooperative has a reasonable amount of back-up power to ensure functionality without an external power source. Standby power generators are supplied at the central office, remote switch sites, and repeater sites to ensure functionality without an external power source until power is restored. The network is capable of managing traffic spikes resulting from emergency situations.

The Cooperative is able to reroute traffic around damaged facilities. Although the Cooperative's ability to reroute traffic around damaged facilities is not absolute and may be limited in certain circumstances, there is a restoration plan in place for expeditious recovery of service, including splicing of damaged facilities when warranted.

LINE 1010 – VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau's most recent reasonable comparability benchmark for voice services is \$47.48, which includes the federal subscriber line charge ("SLC").¹

In the exchanges served by Cap Rock Telephone Cooperative, the highest single-line residential local rate, including any mandatory extended area service charge, is \$18.20. When the federal SLC and the state universal service fee are added, the total is below the reasonable comparability benchmark of \$47.48.

¹ *Wireline Competition Bureau Announces Results of 2015 Urban Rate Survey for Fixed Voice and Broadband Services and Posting of Survey Data and Explanatory Notes*, WC Docket No. 10-90, DA 15-470 (rel. April 16, 2015), p. 1.

LINE 1210 – TERMS & CONDITIONS OF VOICE TELEPHONY LIFELINE PLANS

Cap Rock Telephone Cooperative offers qualified Lifeline subscribers a discount of \$12.75 (\$9.25 federal discount and \$3.50 state discount) on a flat-rate residential access line.

In all exchanges served by Cap Rock Telephone Cooperative, the Lifeline rate for single-line residential voice service, including any mandatory extended area service charge and the federal subscriber line charge, is \$11.95 (\$24.70 less the \$12.75 discount).

The residential access line provided on a stand-alone basis or as part of a package always includes an unlimited number of local calling minutes.

Toll calls for a stand-alone access line are billed at the rate of the carrier chosen by the customer.

Lifeline customers may subscribe to any residential voice telephony service package that is generally available to the public and will receive a discount of \$12.75 from the regular price of the package.

Rates, terms and conditions can be seen at the Company's website: <http://www.caprock-spur.com/telephone/prices-and-plans/>.

LINE 3010 – MILESTONE CERTIFICATION

Cap Rock Telephone Cooperative, Inc. (the “Cooperative”) hereby certifies that the Cooperative has taken reasonable steps to provide upon reasonable request broadband service at actual speeds of 4 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to reasonably comparable offerings in urban areas, and that requests for such service are met within a reasonable amount of time.

LINE 3012 – COMMUNITY ANCHOR INSTITUTIONS

Cap Rock Telephone Cooperative, Inc. did not newly deploy broadband service to any community anchor institutions in the preceding calendar year (2014).

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0572-0031. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
